Introduction

Rosemary , a online coffee shop website inspired by a cozy and welcoming café vibe, and the idea was to create a place where people feel comfortable, even online, just like they would in a real coffee shop.

The purpose of Rosemay is to allow customers to explore and buy different flavors of desserts and drinks, available in different sizes, in a simple and pleasant way.

Our target audience includes students, workers, and anyone who enjoys coffee, desserts, and relaxed spaces.

Motivation

The website is organized into clear sections such as Home, Menu, About, and Contact, so users can navigate easily and enjoy their experience.

Technologies used

In our web we used as languages: Html, CSS, JAVASCRIPT, PHP, MYSQL
